Valparaiso High School Students **Ball State University's Technology Competition**

Twenty-Six Valparaiso High School Engineering and Technology Students participated in the Department of Industry and Technology's 2005 Fall Competitive Events at Ball State University on Tuesday, October 25th. The day long event allowed students from across the state to show their engineering and technological problem solving skills. Sixteen schools and over 260 students took part in this year's event. Award winners from VHS were:

Calculator Contest

Champion – Chris Minissale, Jeff Shapiro
